

INSTRUCTIONS

1. Wipe a damp sponge over the square tile to remove dust and contaminants.
2. Paint 3 coats of Just Blue on the front of the tile. Let it dry.
3. Lay the tracing paper, dark side down, on the tile. Then lay the printed pattern on top of the tracing paper. Trace it with a pencil to create an imprint on the blue color.
4. Paint 3 coats of Sunny Side Up on the lemons.
5. Add 2 coats of Margarita to add shadows and Lemon Mist to create highlights on the lemons.
6. Paint 3 coats of Snow Flake on the flowers.
7. Add flower details with 1-2 coats of Chiffon.
8. Using the back of a paint brush handle like a stamp, make a dot of Gumdrop in the center of each flower.
9. Paint 2 coats of Grasshopper on the leaves.
10. Paint 2 coats of Gum Drop to add detailed highlights to the leaves.

TIPS

- Allow paint to dry between coats.
- Wash brush between colors.
- If you don't have tracing paper handy, it's easy to create your own! Use your pencil to coat the back of the printed words with graphite before you trace the photo on the plate.
